**Program Dates: January 1<sup>st</sup> through December 31<sup>st</sup> (2010-2012)**

Rebates will be issued for equipment installed between January 1<sup>st</sup> and December 31<sup>st</sup>. **There is a maximum rebate credit of \$345.00 per Greater Minnesota Gas, Inc. customer account.**

**Please send completed form and required documentation to: Greater Minnesota Gas, Inc., Attn: Rebates, P.O. Box 68, Le Sueur, MN 56058**

The following qualifying equipment for 2010-2012 must be installed in a home served with natural gas from Greater Minnesota Gas, Inc. It is the responsibility of the dealer and purchaser to ensure that the installed equipment qualifies for the rebate. If the equipment does not meet the requirements, no rebate will be issued.

- New or Converted Furnace with 92% + AFUE = \$100.00 Rebate
- New or Converted Water Heater with .64 + EF = \$ 125.00 Rebate
- Residential Programmable Thermostat= \$20.00 Rebate
- Residential Swimming Pool Thermo Blanket = \$100 Rebate

You must use a qualified plumbing and heating contractor to qualify for rebates. All rebates are issued in the form of utility bill credit on account and typically within a period of 4-6 weeks from the date of receipt. Rebate funds are limited and will be paid on a first-come, first-served basis. Heating dealers are not eligible to receive their customer's rebate. Building contractors should negotiate with homeowners to determine who will receive the rebate. Equipment installed under free warranty replacement does not qualify for the rebate and participants must be a GMG natural gas customer living in Minnesota, a residential customer (4 units dwelling or less) and renters must have landlord/owner approval.

Please complete all sections of the form. Incomplete application forms will not be accepted and will be returned. Greater Minnesota Gas, Inc. is not responsible if the dealer does not provide accurate information about the amount of rebate or equipment eligibility. A copy of a dated sales or conversion invoice including the brand, complete model number and serial number must be included with this application. This form must be submitted within 90 days of installation or conversion date or postmarked by December 31<sup>st</sup>, whichever comes first.
